

Jefferson Police Announce New Online Ticket Payment

Chief Joe Wirthman announced today that the Jefferson Police Department now offers online ticket payment through NCourt. Persons wishing to pay their citation online can do so with a credit or debit card by logging on to www.JeffersonTix.Com. For a small fee, NCourt will process payments and forward fines to the police department.

“The instructions are very clear and concise. I hope this will help facilitate the processing of these fines and improve the efficiency of the Department and the Municipal Court. This service will also ease the payment of fines by our out of town citizens who would ordinarily have to come to court.” Said Chief Wirthman, “Several other departments in the area are using this system with great success. They are also getting a favorable response from the users of the system.”

Anyone wishing more information may contact the Department at (706) 367 5231.
